VEHICLE INNOVATIONS

FORD TRANSIT  
**PRISONER TRANSPORT**

**Designed for maximum staff protection and safe transport**

*Above: Prisoner transport van shown with optional 2-door entry system and under-seat lighting package.*

#### **Standard Features**

- 10-gauge powder coated steel bulkheads with spit guards
- Steel interior doors with integrated door stops
- Vinyl seats with lap and shoulder belts to meet safety requirements
- Altro non-skid, easy to clean floor covering
- Rear compartment overhead heat and air
- Full interior walls and headliner
- Passenger side running board and side-entry grab rail for safer loading and unloading of prisoners
- Driver step-assist for quicker vehicle entry and exit

#### **Additional Options**

- 2-door entry system at side and rear doors – providing a higher level of security
- Cameras & DVR Systems to your specifications
- Isolation section bulkhead
- Interior trim and seating material options
- Overhead and under-seat lighting packages for increased illumination
- Other floor/seating layouts for specific needs
- Wheelchair lift designs for prisoners with physical disabilities

**Ideas made to move**
